THE REPUBLICAN NATIVE DELEGATES

Hawaii's Representatives Are
Greeted in San Francisco.
—But Two Will Act.

SAN FRANCISCO, June 13.—The first delegation from one of Uncle Sam's insular possessions to a National Republican Convention reached here yesterday on its way to Philadelphia, where the great meeting is to be held this year. The delegates, eight in number, are from Hawaii, which becomes a territory of the United States to-morrow. As the islands were not a part of this country at the time the call for the convention was issued no provision was made for representation from Hawaii, but the Republicans of the islands in a convention on May 31st chose four delegates and four alternates.

The delegates are: Samuel Parker, A. Noa Kepikal, B. F. Dillingham and W. R. Castle, and the alternates are: C. B. Wilson, Henry Waterhouse, R. R. Ryckoff and C. P. Iauka. All but the last named are now in this country. Parker, Wilson and Kepikal arrived on the steamship China yesterday. Dillingham is now in the city and will go East with the others this morning. As a territory is usually entitled to but two delegates the Hawaiians have decided upon Parker and Kepikal as their first choices, if but two can be seated. H. M. Sewall will accompany the delegation to Philadelphia.

The delegates were selected at the first Republican Territorial Convention ever held in Hawaii, which concluded its labors after midnight on May 31st, after a two days' session. J. L. Kaukoku, the last speaker of the last House of Representatives, presided. All the men chosen as delegates are representative and formerly belonged to rival factions.

Samuel Parker, the chairman of the delegation, is the owner of an immense cattle ranch on the island of Hawaii and is one of the foremost men of the islands. He is 47 years of age and was a member of the House of Nobles under Kalakaua and a member of the Cabinet at the time of the deposition of Queen Liliuokalani.

A. N. Kepikal is a native Hawaiian, 39 years of age and an attorney of Honolulu. He held the offices of District and Circuit Judge on the island of Maui for twenty years under Kalakaua and Liliuokalani.

B. F. Dillingham is the originator and president of the Oahu Railway and has been the promoter of a number of successful plantations. He was a supporter of the revolution of 1893.

W. R. Castle is 48 years of age and a member of one of the old missionary families. He was Attorney-General under Kalakaua and has been a member of the Hawaiian Legislature several times. He was on the citizens' committee of thirteen that deposed Liliuokalani. The four alternates are also important men in the islands.

SAID SHE WAS IN HONOLULU LATELY

CHICAGO, June 9.—From the Auditorium Annex to the Harrison-street police annex is the startling experience of a richly attired young woman whose identity caused much speculation to-night at detective headquarters. She says her name is Mrs. E. Lehman and that her home is in San Francisco.

The cause of her being locked up at the Harrison-street annex, charged with larceny as a bailee, grew out of a little flirtation with a New York traveling salesman for a furhouse. Dinner was proposed to be followed by an evening at the opera. Mrs. Lehman, as she pleases to call herself, demurred as to the second proposition on the ground that she did not have a warm wrap. The traveling man had several trunks full of fur garments at his hotel and he insisted that she wear his most expensive sample. It was a \$700 beauty made of seal. The garment was to have been returned to-day.

Mrs. Lehman was "not in" to callers when the salesman came after his seal coat, and he promptly had a warrant sworn out for her arrest. Her three trunks and two valises were taken from the Auditorium to the Lake Shore depot at 4 o'clock. Officers Burns and Fitzgerald were waiting for her at the depot and arrested her as she got out of a cab. She said she was en route to New York and from there was going to the Paris Exposition.

She said: "I own a ranch near Los Angeles, another at Pasadena, where I reside, and a third on Catalina island. I was in Honolulu until the bubonic plague broke out and I returned to my Pasadena ranch. I am now on my way to the Paris Exposition and this detention has caused me great annoyance."

LOS ANGELES, June 10.—The woman arrested at Chicago is alleged to be Mrs. G. D. M. Lehman of South Pasadena, whose husband is said to be Fred E. Lehman, president of the Western Fish Company. It is alleged that she deserted her husband three months ago and went East with a young man from Arizona.

CHICAGO, June 11.—The case against Mrs. E. H. M. Lehman, who was charged with stealing a sealskin cape from Samuel Weiner, a traveling man, was dismissed by Justice Prindiville in the Harrison-street Police Court today. When questioned by Inspector Hartnett, Mrs. Lehman's answers bore every mark of frankness and straightforwardness.

Coming to Honolulu.

SAN FRANCISCO, June 7.—The romantic marriage last November of Earl B. Hough and Beatrice Singleton, members of prominent families of San Leandro, was made public to-day. The announcements are made on the eve of the departure for Honolulu of Mr. and Mrs. Hough, whose relatives and friends have been greatly astonished by the news of the wedding. The tender to the bridegroom of a position in Hawaii led to disclosures. The groom is a son of W. J. Hough, superintendent of the San Leandro Gas Works. The young man was for some time in the employ of Taber, the San Francisco photographer.

GUNS ARE TRAINED

(Continued from Page 1.)

ly unavailable for the required service. The Helena has been subjected to very heavy service ever since her departure from the United States just before the outbreak of the Spanish war, and it is believed that her boilers are in need of renovation.

Admiral Kempf's dispatch this morning makes no mention of any undue delay in the movement of the foreign forces upon Peking, and as he is in a position to secure the latest and most accurate news from the relief column, the officials here believe that there have been no untoward happenings. Some surprise is expressed at the strength of the column. There is a sincere regret entertained at the Navy Department at the comparatively small representation of the United States in this movement. But it is said that the Navy has done all it can to meet the calls upon it. The intimation is very clear that if further reinforcements are needed in the Chinese service, recourse must be had to the United States army.

On their part, however, the army officers repudiate any purpose to become involved in the situation and it is officially declared that there is still no intention of sending any United States troops to China.

Admiral Remey also has notified the Navy Department of the departure yesterday from Manila, in accordance with the Department's order, of the Solace. She carried 100 marines to Taku, to reinforce Admiral Kempf. She will proceed homeward, stopping at Guam.

John Ford, Secretary of the American Asiatic Association, today received the following cablegram from the Shanghai branch of the association:

"SHANGHAI, June 13.—Grave danger threatens Americans Yang Tse valley. Urgently advise immediate gunboat protection."

"AMERICAN ASSOCIATION."

On the 7th instant the following cablegram was received from the Shanghai branch:

"American lives and interests in North China are seriously imperilled. Urge Government to act promptly and vigorously with adequate force."

The association, using these two cablegrams as a basis, is circulating a petition for signatures, addressed to the President, asking that this Government take energetic steps to protect American lives and interests in China; also that the United States act in concert with the other powers in this emergency.

A Secondary Base

TIEN-TSIN, Wednesday, June 13.—It is expected that Admiral Seymour has made Lang Fang a secondary base and that he will advance the remaining forty miles as rapidly as possible. It is reported that Prince Tuan (the new head of the Chinese Foreign Office) and General Tung Puh Siang have resigned. Three more Russian warships have arrived at Taku.

Missionaries Report.

NEW YORK, June 14.—Rev. Dr. Arthur J. Brown, secretary of the Presbyterian Board of Foreign Missions, has just received nine long letters from missionaries in the Shan Tung and Peking missions. Only two make any reference to the Boxers. The first of these is from Rev. V. F. Partich of Chinanfu, dated April 28th, and reads as follows: "We have had no serious anxiety regarding the Big Knife Society, since the present Governor, Yuan Shihkai, came. He is probably the best General in China and is managing the disaffected with a strong hand. Recently a force of eighteen of his troops met eighty-three malcontents about fifty miles from here and killed twenty-one and wounded a number more, with scarcely any injury to themselves."

The second letter is from Rev. C. H. Fenn, of Peking, dated May 3d, and reads: "The Boxers and Big Knives are increasing in strength and boldness, as they see the Empress Dowager encouraging them rather than otherwise, while the foreign powers, with all their talk, are doing next to nothing. The fearful drought, from which all this region is suffering, is attributed to the Christians and these secret societies publicly announce that they are going to drive every foreigner and kill every persistent Christian."

"Were it not that the day has been set for our extermination at least fifty times since I came to China, it would be difficult to keep a restful mind. As it is, we go about as usual, though some of the country work is now considered unwise. I have always had an absurd feeling that nothing very startling was likely to occur in my neighborhood, and absurd as the notion is, it really contributes considerably to the quietness of spirit. Moreover, I do feel sure that no real harm can befall the people of God. China would not be the worst place in the world to exchange for heaven, if it should come to that."

In the Commons.

LONDON, June 14.—In the House of Commons today the Parliamentary Secretary of the Foreign Office, William St. John Broderick, made a statement in regard to the position of affairs in the Chinese Empire.

"Her Majesty's Minister at Peking," said he, "has been in constant communication with the Chinese Government since the attack by Boxers on peaceable converts and the destruction of three villages about ninety miles from Peking on May 12. On May 13 Sir Claude M. MacDonald reminded the 'Sung Li Yamen (Chinese Foreign Office) of his unceasing warnings during the last six months of the danger of not taking adequate measures to suppress the Boxers and an imperial decree was subsequently issued. On May 29 a meeting of the diplomatic corps was held at which a resolution was unanimously adopted calling on the 'Sung Li Yamen to take more stringent measures. It was not then considered necessary to bring the international guards to Peking, but the British marine guard at Tien-Tsin, which had been under orders to leave, was detained there."

Situation is Critical.

LONDON, June 14.—A special dispatch from Shanghai says the position of the legations at Peking is most critical. According to this dispatch 30,000 Chinese troops are drawn up outside the gates of the city to oppose the relief force, and guns are trained on the American, Japanese and British legations. The American, Russian and Japanese Ministers have sent couriers to Tien-Tsin asking for 2,000 troops of each nationality. The United States gunboat Yorktown and Castine left yesterday for Tong Ku. There is no foreign warship here.

Attacks on Diplomats.

WASHINGTON, June 13.—Official dispatches received in diplomatic quarters in Washington show that the rioting in Peking has reached an acute stage, with the rioters directing a number of their assaults against members of the different foreign legations there. One of these dispatches states that the Secretary of the Belgian legation was attacked twice on Monday and escaped after being maltreated by the mob. On the same day two officials of the British legation, serv-

ing as student interpreters, were attacked by a large crowd of roughs. The young Englishmen held the attacking party back for a while, but when the mob threatened to close in on them, they drew revolvers and by a show of force made their retreat without bodily injury. About the same time the British summer quarters, four miles from Peking, were burned down. The quarters were quite extensive and had just been completed. They belonged to the British Government and not to Sir Claude MacDonald, the British Minister at Peking, which gives added significance to the depredation. The killing of the Chancellor of the Japanese legation at Peking, Sugiyama Akira, is not referred to in official dispatches received here, but full credit is given to this report by the Japanese officials who are personally acquainted with Mr. Akira and with many of the circumstances detailed. The killing of a member of the diplomatic body and the foregoing assaults upon the officials of foreign countries are regarded as representing the most serious phase of the situation that has thus far occurred.

ST. LOUIS STRIKE VERY SERIOUS

ST. LOUIS, June 12.—Since the street car strike began soldiers have been killed, rioters stricken down, and cars dynamited, but the end is not yet. Sheriff Pohlman has a posse of 2,000 men.

John Powers, motorman, one of the 250 non-union men who came to St. Louis from Philadelphia on Friday, is confined in a cell at the City Hospital, crying for the guards to save him from men whom he believes were pursuing him. Powers was arrested this morning at Geyer and Pennsylvania avenue. A policeman found him running about the street, fighting off imaginary foes.

His disconnected story at the hospital reveals the tremendous strain that is upon the motormen who are working now. Powers, who has a wife and two children in Philadelphia, worked for the United Transit Company there for fifteen years.

The subject of calling out militia was discussed at some length at the Four Courts today, when Governor Stephens was closeted with Chief of Police Campbell, Police Commissioners Steuwer and Forster and Sheriff Pohlman and his attorney, Ford Smith. Before the informal conference concluded Adjutant General Bell and Brigadier General Harvey C. Clark called and took part in the proceedings.

The feature of the meeting was the presentation to the Governor of a formal written request by Sheriff Pohlman to call out the militia. It is as follows: "Governor Stephens.—Dear Sir: As Sheriff of the city of St. Louis, I desire to inform you that there now exists in this city a condition of tumult. Acts of violence and disorder are of daily occurrence. I have summoned to assistance a large posse and have exhausted every means at my command, but the civil authorities are unable to cope with the situation. All other means being exhausted, I respectfully call upon you and request that the National Guard of Missouri be called out in numbers sufficient to restore and prevent further acts of violence. Very respectfully, 'JOHN H. POHLMAN, Sheriff.'"

Governor Stephens stated that he had not yet reached a decision on the matter of calling out the State troops. Should the militia be called out it is likely that the entire National Guard of the State, comprising four regiments and a battery, will be pressed into service, say those who are close to the Governor.

A Rumored Surrender.

LONDON, June 9.—According to a dispatch to the Daily Mail from Accra dated June 8, a native rumor is in circulation here that Sir Frederick Mitchell Hodgson, Governor of Gold Coast Colony, had been besieged by the Ashantis, but was forced to retire and ultimately to surrender.

Mail advices from Accra, dated May 17, say: "Fifty thousand Ashantis are in arms and the insurrection is spreading. It is impossible for white men to go into the interior successfully during the rainy season."

The curbstones that have been piled up and obstructed Beretania between Nuuanu and River have been removed, making that street now passable to St. Louis College.
